

Subject: Survey: Replace Shopping Cart Approver Functionality in SCEIS Materials Management
Audience: Procurement Directors, Attendees of the April 27 User Group Materials Management Session

In the April 27 meeting of the SCEIS User Group, the SCEIS Materials Management Team provided an overview of functionality known as "Replace Shopping Cart Approver." You may review the presentation detailing this functionality [here](#).

The goal of this presentation was to describe the functionality in detail and have a discussion on whether agencies would prefer to keep this existing functionality in the system, or remove it. During the meeting, the SCEIS Team indicated to participants that we would distribute a survey after the meeting to collect feedback on this question from all agencies wishing to provide a preference. We are pleased to announce this survey is now available at the link provided below.

If your agency would like to provide feedback on "Replace Shopping Cart Approver" functionality, **please click the following link, and complete the online survey form by Monday, May 21:** <https://www.surveymonkey.com/s/NBP5RK8>.

Please note that this is an optional survey. Agencies that do not wish to provide feedback are not required to do so.
